PPA Cover

Wendell Park Primary School have been using PPA Cover for the last two academic years. During this time, we have found the staff, those that we contact regarding the service and those providing the service, to be responsive and supportive to the needs of our school.

Using PPA Cover has taken the stress off our shoulders – we had been struggling to find quality music teachers in our area and PPA Cover ensured we didn't have to worry about this. At the same time as needing Music PPA cover, we also requested a two days per week French teacher as a specialist to teach across both Key Stage 1 and Key Stage 2.

The planning in place is clear and the staff are always prepared and familiar with the resources provided. During the COVID-19 pandemic, PPA Cover were in regular contact with myself as the liaison and ensured their staff were up-to-date on the changes to risk assessments and procedures in school. Staff were able to work flexibly when we had to change plans at the last minute and showed great understanding of the major changes we had to go through as a school.

I would recommend PPA Cover as a supportive organisation who have saved me a great deal of time and worry and have provided a good service to our children, our staff and our whole school community.

Elena Hough
Deputy Headteacher
